

I respectfully ask that you reject NAB's petition 04-160 and support my favorite radio network, XM radio, and allow me, a paid subscriber to listen to traffic and weather reports over what has become my only real choice in radio listening. I pay my hard earned money to be able to listen to what I want to listen to on XM radio. There is no other station that offers what they offer. Please respect my decision to listen to XM radio. If I was happy with public broadcasting then I wouldn't be using and listening to XM radio. Please Mr. Powell, don't let them dictate a great thing out of my life.
